

WHERE THE ATLANTIC FLEET WILL GO AFTER LEAVING HARBOR OF SAN FRANCISCO TODAY.

MAP SHOWING ITINERARY OF THE FLEET.

BIG CRUISE BEGINS TODAY.

Ships 'Are All Ready for Long Voyage.

Start Will Be Made on Turn of the Tide.

Vessels Receive Organs from Local Y.M.C.A.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, July 6.—Ships for the men of the Atlantic fleet left today for the long voyage across the Atlantic. The fleet, which will be the largest ever to leave the harbor of San Francisco, will consist of 16 battleships, 10 cruisers, 10 destroyers, and 10 auxiliary vessels. The fleet will be commanded by Rear Admiral C. S. Sperry.

REAR ADMIRAL C. S. SPERRY

The Three Officers in Command of the Big Array of Battleships, upon whose skill depends the successful completion of the greatest cruise in the history of the world.

of powder have been stored, tier on tier. Everything is in readiness for the long trip and it needs but a motion from the hand of Rear Admiral Charles S. Sperry, commanding the fleet, to set the whole fleet in motion.

Three cases of typhoid fever were discovered yesterday on the Nebraska. The sick patients were removed to the Marine hospital here.

The formal presentation of sixteen portable organs, one to each ship, was made yesterday. The organs are the gifts of the Los Angeles Y.M.C.A.

HONOR FORMER CHIEF. Officers of Atlantic Squadron Pay Last Respects to Remains of Admiral Thomas, En Route East.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, July 6.—The body of Rear Admiral Charles M. Thomas, who died at Del Monte last Friday, was brought to this city and taken east tonight, the widow and daughter of the late admiral accompanying the remains.

Simple and dignified tribute was paid by the fleet to the admiral's remains as they were taken to the ship. The train was met by Admiral Sperry, Wainwright, and the captains of all the warships in port.

There was also a guard of honor from the Minnesota and all-headers from the Louisiana.

PIREMAN RELEASED. NOT WANTED FOR MURDER. [ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, July 6.—Roy Bateman, second-class fireman on the battleship Virginia, held on suspicion of the murder of Jodie Gray of Evansville, Ind., was released tonight, it being clearly shown he is not the man wanted.

G. E. Boshna, a former classmate of Prescott, R. E. Leaf, his instructor, and F. J. Kiefer, who also know him, went aboard the Virginia tonight and swore that he was not the man wanted.

When Bateman was pointed out to them they said positively he is not Prescott, and made the same declaration in a telegram sent to Admiral Sperry of the Connecticut.

SIX REAR-ADMIRALS COMING. FOUR ARE "EXTRA NUMBERS." [BY DIRECT WIRE TO THE TIMES.] WASHINGTON, July 6.—[Exclusive Dispatch.] During the remaining days of July the American navy is to have six rear-admirals. The death of Admiral Thomas, and the retirement on July 11 of Admiral Clegg make the large number of accessions to the high rank possible.

The retirement of Clegg promotes Capt. Insull, Schroeder and Wainwright. The death of Admiral Thomas promotes Capt. Pillsbury, who is chief of the Bureau of Navigation. Capt. R. B. Rodgers and Adolph Marx.

by the natives to make the men on the warships, the guests of the government of the island during their stay. Great crowds assembled in the streets today to see the captains of the battleships who they paid a visit to the Governor.

A baseball game and a ball have been arranged in honor of the sailors, who will stay here one week.

THOMAS SAILS FOR MANILA. CARRIES MEN AND STORES. [ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, July 6.—The army transport Thomas sailed today for Manila via Honolulu and Guam, with a full cargo of commissary stores.

She carried a number of passengers, including several army and navy officers, and members of their families, twenty enlisted men for the navy, eighty-seven enlisted men for the Marine Corps at Manila, and twenty marines for Guam.

On returning to this port the Thomas will undergo extensive repairs.

BLUEJACKETS AFFRONTED. SHUT OUT FROM PAVILION. [ASSOCIATED PRESS DAY REPORT.] ANNAPOLIS, July 6.—It was announced at the Naval Academy that Superintendent Barger had approved the recommendation of Commander W. S. Benson, commanding the midshipmen's cruise squadron, that the base of the squadron be transferred from New London to Newport, because of alleged discrimination against the uniform of the enlisted men.

The proprietor of a dancing pavilion in New London refused to allow the bluejackets to dance on the floor of his pavilion, and because of this Commander Benson asked that he be ordered to leave New London with his vessel.

Glacier Hearing Honolulu. HONOLULU, July 6.—The refrigeration ship Glacier of the Atlantic fleet, which left San Francisco June 29, was reported by wireless telegraph at 3 o'clock last night 465 miles distant from this port. She will arrive here about 2 o'clock tomorrow afternoon.

DISASTER. FIVE DROWN IN LINCOLN FLOOD. HUNDREDS OF FAMILIES DRIVEN FROM THEIR HOMES.

Disaster Comes Suddenly on Nebraska City, Causing Property Damage That Cannot Be Even Approximated, and All But Completely Stops Railway Traffic.

[ASSOCIATED PRESS NIGHT REPORT.] LINCOLN (Neb.) July 6.—Lincoln today experienced what was probably the worst flood in its history, causing the loss of five lives, and possibly two others, minor injuries of several, a property loss which cannot be even approximately estimated; an almost total suspension of railroad traffic to and from the city, and misery to hundreds of families who have been driven from their homes and are tonight sheltered in public buildings and private residences.

The known dead are: JOHN METSON, drowned while trying to rescue stock. THREE CHILDREN OF HENRY AMED, boy aged 9, girl aged 12, and girl aged 11, who fell from a boat after being rescued from flooded home. MRS. SCHUSTER, died from fright and exposure.

CHILD OF RUSSIAN FAMILY, name unknown, reported drowned, but the report has not been verified. The drownings occurred between 4 and 5 o'clock this morning when the flood was at its height, but the identity of the victims could not be learned. The flood followed the greatest down-pour of rain known here for many years.

The Lincoln gas and electric plant is flooded. The flood tonight is subsiding. Acting Mayor Marshall tonight issued an appeal for aid for the flood victims.

UP AND DOWN THE VALLEY. CHICAGO, July 6.—[Exclusive Dispatch.] Today was the second hottest day of the year. The mercury reached 92 degrees. This was one degree short of the temperature recorded on June 22, when the highest mark of 1908 was reached. Showers tonight brought some relief, and cooler weather is predicted for tomorrow. Today's maximum temperature was 92, and the minimum 73 deg. Middle West temperatures:

FALLS TEN STORIES. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, July 6.—[Exclusive Dispatch.] Joseph Allward, a painter, pitched off a swinging scaffold today from the Postal Telegraph Building today, and fell head foremost to death, ten stories below, in an alley between the Postal and Board of Trade Buildings.

TAFT HEADQUARTERS. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, July 6.—[Exclusive Dispatch.] Permanent headquarters for the personal campaign of William Howard Taft, Republican nominee for President, have been opened at No. 22 Dearborn street, with S. M. Fitz in charge. The headquarters were opened by Mrs. Becher B. Ray.

FOURTH VICTIM INCREASED. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, July 6.—[Exclusive Dispatch.] Eighty-three dead and 263 injured are the totals of the Fourth

COLE IS ELECTED.

Los Angeles Man Will Represent California on the Democratic National Committee.

[ASSOCIATED PRESS NIGHT REPORT.] DENVER, July 6.—The following are the members of the new National Committee elected at the State caucuses held today and tonight. Quite a number of the delegations will not meet until tomorrow morning:

California—Nathan Cole, Los Angeles. Colorado—Alva Williams, Pueblo. Oklahoma—W. T. Brady. Oregon—Milton A. Miller, Lebanon. Utah—Frank J. Nebecker. Arizona—Selig J. Mickelson. Wyoming—John E. Osborne, Rawlins, reflected.

OBITUARY. George M. Read. DES MOINES, July 6.—George M. Read, commander of Crocker Post of the G.A.R., and treasurer of the Brotherhood of American Yeomen, died at his home in this city yesterday, aged 61 years, following a stroke of paralysis.

Robert G. Lucas. [BY DIRECT WIRE TO THE TIMES.] Robert G. Lucas, for forty-five years agent for the American Express Company at the Chicago and Northwestern depot in Chicago, died suddenly in Fond du Lac, Wis., Sunday while visiting Mrs. T. R. Mack with his daughter, Mrs. Russell Ball of Chicago. He leaves three daughters, Mrs. Ball, Mrs. Butterworth of Los Angeles, Cal., and Mrs. G. C. Bowe.

The steamer Nyndam from Rotterdam for New York was reported by wireless telegraph 165 miles off Sandy Hook Sunday. It is expected to arrive here about 7:30 a.m. today.

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

FATAL EXPLOSION. [BY DIRECT WIRE TO THE TIMES.] MILWAUKEE (Wis.) July 6.—[Exclusive Dispatch.] Mrs. Clarence Stoner was killed and six others were wounded by an explosion of fireworks at Nora Springs Saturday night. Some party on the outside fired a Roman candle and the fire-ball struck among the explosives.

MILWAUKEE LID ON. [BY DIRECT WIRE TO THE TIMES.] MILWAUKEE (Wis.) July 6.—[Exclusive Dispatch.] The lid is on tight here. Every saloon in the "Redlight" district—seventy-nine in all—went out of existence at midnight tonight, when their city licenses expired. The Council refused to renew these licenses recently.

KILLED BY PLOW. [BY DIRECT WIRE TO THE TIMES.] WASHINGTON (D.C.) July 6.—[Exclusive Dispatch.] John Summerfield, one of the most prominent farmers in Tazewell county, was killed today while plowing. His team ran away. Summerfield fell beneath the plow and his body was almost cut in two.

STARVING TO DEATH. [BY DIRECT WIRE TO THE TIMES.] WARSAW (Ind.) July 6.—[Exclusive Dispatch.] Fred Wiltrout, 80 years old, of Silver Lake, declaring himself tired of life, is slowly starving himself to death. He has not eaten anything for fourteen days. His condition is said to be serious.

LIGHTNING HITS BOYS. [BY DIRECT WIRE TO THE TIMES.] MENOMINEE (Mich.) July 6.—[Exclusive Dispatch.] During a severe electric storm near Carney this afternoon, John Colder, 16 years old, was killed, and five boys were terribly burned and lacerated by lightning when they sought refuge in a barn.

HORSE'S DEATH CLIMAX. [BY DIRECT WIRE TO THE TIMES.] WABASH (Ind.) July 6.—[Exclusive Dispatch.] John Lencour was discouraged by separation from his wife and business reverses, and when his favorite horse died today, he swallowed strychnine.

Traveling Men's Shoe Samples. Some slightly better, all good quality. On sale at wholesale prices. Sample Shoe Co., 109 E. 1st St., Bryson Block, Second and Spring.

WRESTLE WITH RESOLUTIONS.

PLATFORM MAKERS CONTINUE THEIR WORK.

Internal Subcommittee Labors All Day—Many Planks Are Submitted, but Little Trouble Is Anticipated Over Any Except the One on Anti-Injunction.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, July 6.—Evidence is multiplying that practically the only plank to prepare for the Democratic platform, will be that relating to the use of injunctions in industrial disputes.

Mr. Bryan has let it be known through a number of reliable sources that his position on this plank is not rigid.

Perhaps the most important conference with reference to the injunction plank was that held at Fairview, Mr. Bryan's home, during the dinner given by the Nebraska delegation to the National Democrats on July 4.

At this time Mr. Bryan stated clearly that he realized that there might arise questions about the issuance of an injunction without notice to those enjoined, would be the only remedy against loss of life or irreparable damage to property.

To meet such cases, Mr. Bryan further indicated that if the platform committee could draw a plank which would provide for such cases, with the safeguard that the injunction should be self-terminating after a period of three days, the thing would meet his approval.

Work on the platform continued to the evening, the majority of the information being furnished by Mr. Bryan, who is to be chairman of the platform committee, and a number of prominent members of the party will have places on that committee.

The product of this work will be a large subcommittee of the platform committee, which the latter is officially appointed by the convention. The plan contemplates telegraphing each plank to Mr. Bryan at Lincoln, as soon as it is agreed upon by the subcommittee.

In this manner, it will be possible for the subcommittee to present to the committee a platform which already has received the stamp of approval of the executive committee.

As far, there has developed no intimation of hostility to Mr. Bryan's position with reference to the platform. Two of these wishes are submitted to the platform committee, the product of the resolutions committee, guided, of course, in its drafting by frequent conferences with Fairview.

MANY PLANKS SUBMITTED. Planks of many varieties were submitted to Gov. Haskell, and by him he is conferring colleagues today. One of these was an irrigation plank, submitted by Judge King, of Utah, which would give the party to a conservation of the irrigable lands of the West for the benefit of the people.

Another plank along the same lines proposes the leasing system of grazing lands as at present applied by the Forest Service of the government.

The tariff plank came in for considerable discussion today, with the result that this language was put forward: "The tariff plank should be so worded as to provide for the protection of the country's industry."

It is one which would be quoted as saying this plank would be adopted in the form given.

Judge Powers of Utah, has transferred to the platform committee a plank he has received from the committee, approved by Samuel Newhouse, a prominent known in railroad and financial circles.

Mr. Bryan said it had been a complete platform, but that he wished that the committee should perform this duty. He went on to say that the plank was submitted by the Bryan draft, but he understood through other channels that Mr. Bryan's memorandum deals with the necessity of maintaining the tariff, the tariff, the trusts, and the election of the Senate.

He would have by direct vote of the people the guarantee of bank deposits by the government, and the publication of the names of the members of the platform committee.

Mr. Bryan has given his friends to understand that while he renders his assistance, he does not desire that the platform committee should be tied to his suggestions. He is willing the platform should be altered if it can be improved upon without changing its name.

After arriving in the city, Mr. Bryan went into conference with Mr. Bryan, who will be chairman of the committee on resolutions, and with him Mr. Bryan's views, which he declined to discuss the platform.

Democratic Boss, Roger Sullivan, having a good time at Denver.

TOBOGGAN FOR TOM JOHNSON.

NATIONAL COMMITTEESHIP NOT FOR 3-CENT MAYOR.

His Greatest Political Enemy in Ohio, Harvey C. Garber, is Blasted for Plank, While Columbus Boss Will Be Made Chairman of the State Delegation.

(BY DIRECT WIRE TO THE TIMES.) DENVER, July 6.—[Exclusive Dispatch.] Action taken today by the members of the Ohio delegation who are in town makes it apparent that Mayor Tom L. Johnson is slated for the tobooggan slide as regards the National Committee membership from his State.

The go and slide is scheduled to take place tomorrow morning, when nine members of the Ohio delegation, all Johnson men, who are marooned on the Kansas plains by rains and elemental mix-ups, get in.

It has been realized for some time among Ohioans that Mayor Johnson would have to step down from the tobooggan slide, when they heard of this action, proceeded to hold a conference; took their ax out, sharpened it to a keen edge, and let it drive.

The following state was evolved, and will be put through tomorrow, despite the protests of Johnson men, who are in the minority:

For National Committeeman—Harvey C. Garber, of Columbus, Mayor Johnson's greatest political enemy in Ohio.

For chairman of the delegation—James W. Walsh of Columbus, Democratic boss of Columbus.

WON'T TAKE STUMP.

CONVICT NOMINEE GIVES INTERVIEW.

SOCIALIST NAMED FOR PRESIDENT NOT SURPRISED.

M. R. Preston, Serving Twenty-five Years in Nevada Prison for Murder, Says He Had Something Coming to Him—Willing to Run if Counsel So Advises Him.

(ASSOCIATED PRESS NIGHT REPORT.) CARSON (Nev.) July 6.—M. R. Preston, who is serving a 25 years' sentence in the Nevada State Prison for murder, and who was nominated by the socialist party at New York for President of the United States, when shown the telegram announcing his nomination, expressed no surprise at the news.

From his cell he gave out the following interview tonight:

"I am not greatly surprised at the action taken in the matter by my party; in fact, I was aware they would recognize me in some way or another. I am particularly well-known to members of my party and am a Socialist from the ground up.

"I have always been a defender and expounder of the principles of the Socialist party and will always continue to be one. While I am not at liberty to make a statement covering my nomination owing to instructions from counsel, Judge O. W. Hilton, at the same time I am willing that my name shall remain at the top of the ticket as the Socialist nominee for President of the United States. I recognize the honor conferred upon me and am proud of it.

"On the other hand, if Mr. Hilton desires that I withdraw from the nomination I will ask that my name be taken from the ticket and some other substituted. I have not been officially notified of my nomination by the convention in New York, but will probably receive it in due time. At the present time, as stated before, I am powerless to make any decisive statement owing to instructions from my attorney, but later on I may have something to say in the matter."

EVEN HAWAII HAS ONE.

Pearl of Pacific Comes Forward With Favorite Son for Vice-Presidential Office.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, July 6.—As an evidence of the activity of our new colonial possessions, Hawaii is the latest to come forward with a Vice-Presidential candidate, the delegates announcing on their arrival today their support of William A. Kinney, a leading citizen of Honolulu, for that place.

Mr. Kinney is a native of Hawaii, a lawyer by profession, a political orator who speaks both in Hawaiian and English, and directed the campaign last year which resulted in carrying Honolulu for the Democracy.

Hawaii will give him the delegates complimentary vote and urge his stress for the position.

BRYAN'S WISH DISREGARDED.

Illinois Delegation Re-elects Roger C. Sullivan to National Committee.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, July 6.—Against the wishes of W. J. Bryan, the Illinois delegation today re-elected Roger C. Sullivan Democratic national committeeman for Illinois and also chairman of the delegation.

They also, against Mr. Bryan's wishes, made known to the delegation, elected Samuel Alshuler a member of the Committee on Resolutions, in place of Edward F. Dunne.

Mr. Sullivan sought to have the delegation reconsider their action and elect in his stead as national committeeman Charles Boenschelstein, but in that he was overruled, his name was withdrawn.

The announcement of the election of Mr. Sullivan was greeted with vociferous applause.

BRYAN SUPREME.

(Continued from First Page.)

that they are expelling Guffey and McGraw from the party because they used unfair means—the one trickery and the other treachery. And they seem to take genuine satisfaction in thus adding the party of such.

Many of the cooler headed members of the party think Bryan has made a great mistake in thus crucifying Guffey. The old man has many friends. He is one of the few wheelhorses of the old Democracy left in active operation. He has always been a liberal spender in the party cause. He hit Bryan some sharp blows when he told how the leader of the present and of the immediate future, at least, had taken his money and the best of it in his former campaigns.

BRYAN AN INGRATE?

The epithet "ingrate" sticks in some circles. It is said Guffey contributed not less than \$20,000 to Bryan's two campaign funds and there is a good deal of sympathy for the old general. He is personally, is said to be an admirable and likable man wholly devoid of the hoofs and tail the Bryanites think of him as possessing, because he is thus kicked out of the party by main strength after all these years of service. They add that Bryan has gone thus savagely after any one who hailed from a State in which there was hope of getting electoral votes.

They try to make themselves think Bryan is not only an ingrate, but one of those moral heroes of whom, in their opinion, the man in the White House is an example, who like to do brave and noble things which cost nothing but show a little balance on the right side of the ledger.

BIG HURRAH PROMISED.

The first thing the convention is to do is to start a shout for Bryan. He is promised such a demonstration of enthusiasm, of delirious delight of hysterical joy as this country has not seen in many a year—something that will quicken our pulses and carry us back to the good old days when emotionalism was the serious business of the hour in our national politics, hysteria the ruling force and crosses of the great crowd of thousands the most effective instruments of ambition.

These Bryan people have come to Denver with full hearts and high hopes and strong lungs. And tomorrow they threaten to break all records in noisy celebration.

ON THE QUIET.

ANTIS HOLD A SECRET MEETING.

ARE TRYING TO SOLIDIFY OPPOSITION TO BRYAN.

Every Effort Is Made to Prevent Knowledge of It From Creeping Out—Sheehan of New York Is Nestor of Conspirators—Some Unexpected Faces Present.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, July 6.—Tonight the anti-Bryan men made another effort to concentrate opposition against the nomination of the Nebraska man, and claim that they are now encouraged for the first time since the delegations began to arrive.

The movement is not, however, taken with deep seriousness by any of the Bryan leaders.

The greatest effort was made today to keep the meeting secret, those who were present being summoned by small cards which were quietly passed around. The cards stated that the place where the meeting was to be held would be in the Equitable building, which is away from the hotels, and far from the headquarters, and far from any regular delegation.

PUBLIC SERVICE OFFICIAL DOINGS.

SUMMARY OF THE DAY.

A \$7,000,000 increase in the value of improvements on city property is recorded in the new assessment roll finished yesterday; there is a slight reduction in the totals as compared with last year growing out of the decrease in franchise assessments of public utility corporations.

Children under the age of 14 years may not go to the Chutes unattended; after a sensational discussion between the liberals and the reformers lasting most of the afternoon, the Council decided yesterday to remove the ban from the Chutes.

The Board of Supervisors began their session as a Board of Equalization yesterday and voted to repay to the Los Angeles Railway Company \$51,000 in taxes paid under protest on the corporation's State franchise.

Mrs. Refugio de Barrios was sentenced to three years in San Quentin by Judge Wilbur yesterday for arson, her admission that she set fire to T. F. Ferguson's house the night of June 11.

H. T. Cooke was granted a divorce from Mrs. Edythe A. Cooke by Judge Hutton yesterday on grounds of cruelty and infidelity.

Rummel and Morris, convicted of running a bucket shop, were sentenced by Justice Chambers yesterday to six months in jail and to pay a fine of \$500 each.

AT THE CITY HALL.

SEVEN MILLION IN BUILDINGS.

TAX ROLL TELLS TALE OF BIG IMPROVEMENT INCREASE.

Totals Are Reduced by Low Franchise Assessments Growing Out of Fall in Stocks Last Spring—Looks Like Hard Winter Ahead for Place Men.

Depreciation in the market value of the stocks of the public utility companies is the reason assigned by City Assessor Mallard for a reduction of \$1,300,000 in the city assessment roll this year. There is an increase of almost \$7,000,000 in the value of improvements over that of last year; this tells the story of an excellent building record, but it is offset by the shrinkage in the market quotations on the stocks and bonds of the big corporation. This shrinkage reduces the valuation placed on franchise several million dollars.

The assessment roll as presented by the Assessor today totals \$28,412,510. Last year the assessment roll originally presented totaled \$27,000,000; but when the Board of Equalization had its work this was reduced to \$27,125,300. The Assessor now leaves it to the Council to determine whether the assessed roll shall be greater than that of last year. If the legislators keep the reductions within the million mark the roll will show an increase over that of last year.

Yesterday the assessment went to the City Clerk. Next Monday the Council will meet as a Board of Equalization to listen to the reading of the assessment roll and to pass on all claims for reductions in assessments. Under the state law the members of the Council form the Board of Equalization.

The most interesting part of this year's assessment is the valuations placed on franchises which are classed as intangible assets. Under the new method of assessment, a corporation pays taxes on 50 per cent of the market quotations on its stocks and bonds on March 1, each year.

An illustration from the assessment of the Edison Company will suffice to show how the new assessment works. The market value of the stocks and bonds of the Edison Company on March 1, according to the Assessor was \$1,000,000. The Assessor fixed what that sum should be for taxation. First he deducts the property assessments which the Edison Company must bear in other counties and in Los Angeles county outside the city of Los Angeles; then he deducts the actual cash value of the real and personal property of the company inside the city; the amount remaining after this reduction represents the value of the franchise.

In the case of the Edison Company the franchise assessment this year is \$2,300,000.

Some of the franchise assessments of the other big public utility companies are approximately as follows:

Los Angeles Electric Railway, \$1,700,000
Los Angeles Interurban Railway, \$1,200,000
Los Angeles Pacific Railway, \$1,200,000
Pacific Light and Power Company, \$1,200,000

This year's assessment will bring to the city a current tax revenue of not more than \$2,575,000. This is expected to care for department estimates of expense totaling \$4,000,000. There will be an additional revenue from license and special funds exclusive of the water department amounting to about \$800,000; but against this sum there are estimates of expense totaling about \$1,000,000. This means that when the Council gets to work on the budget it will be necessary to pay the expenses of the different departments about \$1,000,000. This paring will be performed under the direction of Councilmen Wallace, Dronogh and Blum, and who constitute the Finance Committee.

There has been a great deal of protest against the manner in which the City Assessor levies his taxes on the franchises of corporations. This objection has been carried so far that the Assessor today the city is sometimes made the victim of "wash" stock and bond sales on March 1. The franchise assessment is based on the price at which the securities change hands at that date each year. This year's assessment is at least \$5,000,000 below an estimate of the value of the franchises were at the lowest ebb at that time. If the assessment should be taken this week it would show an increase of at least \$5,000,000 on franchise values alone.

The City Assessor justified his franchise assessments yesterday by referring to the following extract from a decision of the State Supreme Court:

"It is the settled law in this State that a proper method for ascertaining the value of the franchise of a corporation is by deducting from the aggregate market value of the shares the value of its tangible property and taking the difference as the value of the franchise."

CHUTES LOSES. CHILDREN STILL BARRED.

Former Judge D. K. Trank made a strenuous but unsuccessful effort yesterday to induce the City Council to amend the amusement ordinance so as to permit children under the age of 14 years to enter Chutes Park unaccompanied by parents or guardians.

Warned that action would be taken on the proposed amendment, the Council session in such numbers that they filled the lobby and the floor of the Council.

HUSBAND WISHED TO SAVE. "I wished to save money, he wished to spend it, and there was a frequent," H. T. Cooke told Judge Hutton yesterday, in applying for divorce from Mrs. Edythe A. Cooke on grounds of cruelty and infidelity.

"One night in January, 1936, about a year after our marriage, when we were quarreling over \$20 that I refused to give her, she grabbed my thumb, put it in her mouth and bit it as hard as she could. Then she went to the bureau, took out a revolver, and pointed it at me, saying: 'Give me that \$20 or I will shoot you.' Another time she choked me and said she wished she had killed me, and another time she hit me over the head with a big stick. She boasted about her man friends, and said that she liked variety, and she showed me money that she said one of them had given her. I drew the line at that."

Mrs. Cooke filed a cross-complaint charging desertion, but did not appear in court. Cooke was granted a decree.

THE COUNCIL, AND ALMOST ANOTHER THE LEGISLATURE, IN THEIR SEATS.

There were representatives of the Humane Society, California Federation of Women's Clubs, W.C.T.U., and a dozen church societies. Opposed to this were the Chutes management and the managers of a number of dancing halls.

The argument from the Chutes side is that the children shall be permitted to enter the outer gates of the Chutes unattended, but that they shall not be permitted to go inside the dancing pavilion.

The reform forces assert that the moral effect of the Chutes is bad for the children; some of the reformers call the amusement gardens a recruiting station for the brothels north of First and east of Main streets.

In the discussion yesterday some of the reformers made the assertion that young girls have been ruined by going to the Chutes. Attorney Trank, one of the reformers to name a single girl whose ruin can be traced to Chutes influence.

Councilman Wallace here made a dramatic interruption to cry out: "Mr. President, I protest against any person speaking in this Council chamber the name of any girl ruined by a man."

Trank brought wild cheers of approval from the reformers but the other side promptly accused Wallace of cheapening himself to play to the galleries.

Trank said that the name of a girl who had lived for three years with a Mexican named Verdugo, at No. 218 East Third street. She said that she had worked hard for Verdugo, taking care of his two children, and that they accumulated quite a little property. Then, she said, Verdugo became infatuated with her and she turned and turned her. She walked back and forth in front of the house in which she lived, and she was at the time and she determined to have revenge.

Policeman F. A. Whaling said that she had been seen by a patrolman, spunked behind the door of Verdugo's house and set fire to the stuff. She was arrested as she turned out. She told the police that she didn't care if she did go to jail. The fire was extinguished without difficulty.

The woman was sentenced to three years in San Quentin prison.

COURTHOUSE NOTES. BREVIETTES MISCELLANEOUS. INJURIES. Miss Frances A. Judd yesterday filed in the Superior Court a suit for \$53,200 damages against Arthur Letts for injuries alleged to have been received by her in an elevator accident at the Broadway Department Store, February 21, 1936. The plaintiff asserts that while she was entering an elevator it was so negligently operated that her dress was caught in the door and she was dragged into the shaft, where she was struck by an accident manning her left hip and otherwise permanently injuring her.

DETAINER. T. C. Lynch filed in the Superior Court yesterday a suit against Chief of Police Kern to recover a \$5000 detainer against him taken from the Aldine Hotel, No. 2341 South Hill street, which he asserts is at police headquarters.

WILL FILED. Mrs. Anna O. Hawn and C. H. Toll, executors under the will of Edward C. Hawn, filed in the Superior Court yesterday a petition for probate of the will of the late Edward C. Hawn, which is left to relatives, consists of \$186,670 in stocks and securities and \$55,490 in Los Angeles bonds.

ADMINISTRATION. Ralph V. Cray yesterday filed in the Superior Court a petition for letters of administration on the \$18,000 estate of Alexander Cray, who died in Madera county, June 23.

SUIT ON NOTE. Judge Hutton yesterday rendered a decision giving the First National Bank of Covina, as assignee for the Citizens' Right of Way Committee of Covina, the judgment of \$1136 against C. H. Rudbeck and the C. H. Rudbeck Company, on two notes given in March and April, 1936, as a subscription toward the securing of an electric railway to Covina. The court held that there was no failure of consideration, and that the Rudbeck company was liable for the amount of the notes.

THREATS. As the result of a quarrel on an East 14th-street, yesterday afternoon, during which N. Salvadoria is said to have leveled a gun at Motorman W. J. Reed, Salvadoria was arrested and gave \$1000 bail in Justice Summerfield's court for his examination Thursday morning on a charge of assault with a deadly weapon.

TALES MEN EXAMINED. Judge Wilbur yesterday examined fifty-four talesmen called to serve on the jury in Department Eight. Twenty-one talesmen were excused from service because of sickness or other disqualifications, leaving thirty-three men in the panel.

CRUELTY. B. C. Holmes yesterday pleaded not guilty before Justice Pierce to a charge of cruelty to a horse by working it when sick at Montebello. His jury trial was set for July 20.

ROBBERY. Benjamin Wyatt was committed to the County Jail by Justice Selph yesterday in default of \$2500 bail for assurance of his appearance on July 10, on a charge of robbing W. L. Sibley of \$20 in Santa Monica Canyon, March 21. Wyatt was arrested at Sawdust by Judge Wilbur's direction in view of evidence presented at R. L. Neary's trial for the hold-up, which was the subject of the examination. Wyatt, who is Neary's alleged accomplice, was previously arrested and released after his preliminary examination.

BIRD SHOOTING. G. H. Wilson was tried by a jury the 15th inst. in Justice Selph's court, on a charge of shooting four blackbirds without a permit.

GETS ONE YEAR. Antonio Romero was sentenced to one year in Folsom prison by Judge Wilbur on a plea of guilty to a charge of petty larceny with a prior conviction.

ASSAULT. Joe Montoya was sentenced to three months in the County Jail by Judge Jamison yesterday, on Montoya's conviction by a jury, which returned a verdict of assault in his trial for assault with a deadly weapon on Uvaldo Rodriguez, 15, near Refugio, who was injured by the two Mexican laborers engaged in a fight, and Montoya inflicted a slight stab in Caro's breast.

REAL ESTATE DEAL. Judge Hutton yesterday rendered a decision giving Mrs. Angie Becker's suit against John H. Betts, Jr., to recover \$3000, alleged to have been wrongfully converted. Mrs. Becker testified that in the fall of 1935, she gave Betts \$3000 for investment in Long Beach real estate, on verbal understanding that he was to invest it in real estate free of encumbrance. She asserts that he bought real-estate contracts with the money, and that he had no intention of investing it in real estate free of encumbrance. Some months ago Betts was discharged at his preliminary examination before Justice Selph on Mrs. Becker's charge of embezzling the money.

MANSLAUGHTER. Swan Sundine, a repair man for the Fitch Auto Company, gave \$2500 bail in Justice Summerfield's court yesterday for appearance at his examination July 16, on a charge of manslaughter for causing the death of Charles E. Ferris, 13 years, No. 714 South Vermont avenue, by shooting him with a .22-caliber Smith & Wesson No. 12, at Tenth street and Vermont avenue. Sundine says that he was running the auto with power about when Ferris, who had crossed the street just ahead of him, suddenly darted back in front of the machine, which could not be turned aside, as a delivery wagon was in the way. Ferris died Saturday evening as the result of a fractured skull, and Sundine was arrested yesterday morning.

THE INFERIOR COURTS. JAIL SENTENCE A HEAVY ONE. NO MERCY SHOWN PROPRIETORS OF BUCKET-SHOPS.

Both Rummel and Morris Given Six Months in Prison and Ordered to Pay \$500 Fines—Notices Made of Appeal, and Bail Is Furnished.

H. H. Rummel and R. B. Morris, proprietors of a bucket shop in the Citizens National Bank Building, were sentenced to six months in jail and a fine of \$500 each, in the Police Court yesterday by Justice Chambers.

The conviction of Rummel and Morris by Prosecutor Le Compe and Deputy Joe Ford, follows one of the hardest fought trials of recent years. For more than two weeks the case was on trial, and during that time forty witnesses were examined. The bucket shops from the establishment were taken down by the police and exhibited in the courtroom as evidence.

Yesterday morning when the case was called, Attorney Le Compe and Deputy Joe Ford, followed one of the hardest fought trials of recent years. For more than two weeks the case was on trial, and during that time forty witnesses were examined. The bucket shops from the establishment were taken down by the police and exhibited in the courtroom as evidence.

There was silence in the courtroom as Rummel and Morris arose to receive their sentence. Under a recent act, the minimum penalty for conviction in a bucket-shop case means a stay of thirty days in the City Jail. It was for this reason, in part, that the case was so hotly contested. The men knew that they would receive some time in jail, but were unprepared for the sentence.

"It is the order of this court that each of you pay a fine of \$500 and be confined in the City Jail for a period of six months each," said the justice. Rummel and Morris returned to their seats without a word and Attorney Adams for the defense announced that he would appeal the case to the higher court.

Maneuvered Trees. C. F. Decker was fined \$10 by Justice Chambers in Police Court yesterday after pleading guilty to a charge of trespassing upon the property of Mrs. M. E. Johnson, in the Arroyo Seco. Decker told the court that the property man at the Belasco Theater had told him to go to a certain place and cut the branches of oak trees on the lot used as scenery at the theater. He made a mistake in the location of the place and chopped up the wrong trees, with disastrous results.

Charged with violating the lottery ordinance, ten Chinese were arraigned before Justice Chambers in Police Court yesterday afternoon. The Chinese were arrested in a raid on a dive at No. 240 Aliso street. Contrary to their usual custom the Chinese pleaded not guilty and demand jury trials. They were released on \$100 bail each to appear in court the latter part of August.

City Collects License. The city adopted a unique method in collecting a delinquent license fee from J. C. Meyers of No. 501 Chamber of Commerce Building yesterday. Meyers had conducted a loan office until the first of the year and up to that time had not renewed his license and had not renewed his license and refused to do so on the ground that he was quitting the business and settling up his accounts. Armed with a search warrant Deputy Prosecuting Attorney Joe Ford went to Meyers' office and secured the necessary evidence for conviction. The defendant owed the city \$100 for a license fee. Justice Chambers fined him \$10, and he paid.

CHANCE FOR LIFE. Condition of Wounded Blacksmith Shot by Footpad, Slightly Better. Suspect Arrested.

Samuel Druckman, the blacksmith who was shot and seriously wounded at his place of business, No. 420 Aliso street, by a negro footpad, Sunday night, was slightly improved in condition yesterday. He was removed from the Receiving Hospital to the Jewish Hospital during the day. The bullet entered the right side of the abdomen and the wound may result fatally.

Yesterday morning Patrolman Bowes arrested D. W. Presley on suspicion. Presley wore rubber-heeled shoes and carried a revolver. He is white, while Druckman alleges the footpad was a negro. Presley will be held for further investigation.

DR. PRICE'S WHEAT FLAKE CEREAL FOOD.

By recent scientific experiments, Dr. Price, the famous food expert, has recently produced a Wheat Flake Cereal Food, which is highly nutritious, easy of digestion, and a most delicious every day food for all classes.

You're Cheating Yourself

Would you, for a day, go without Mapl-Flake, if the price was ten cents? Would you lose this Maple flavor—lack this perfect food—were it not for that 5-cent difference?

Let us explain this point of economy—the only possible point between us.

At an even price you would choose Mapl-Flake. So would everybody.

All like the Maple syrup, in which this food is cooked. All like the way we prepare it.

But some flaked foods sell for ten cents. Some because they are corn, and corn is cheap. Some because of a cheaper process.

But please figure the cream.

That costs as much on a poor food as a good food. And it costs more than the food.

Add the cream cost to the food cost, and see how little you save.

Then measure the food by its food value—not by weight.

Mapl-Flake is all food because it all digests. That is true of no other food.

The main expense comes in making the wheat digestible.

We spend 96 hours in preparing Mapl-Flake—in cooking and curing, in flaking and baking.

Yet flaked foods can be made in 18 or 20 hours. We spend all that extra time to separate the atoms so the digestive juices can get to them.

That is essential. Every food expert knows it.

Suppose you save five cents per package, and the food only half digests.

You are losing the other half. But that isn't all.

All of the wheat which doesn't digest will ferment on the stomach.

It leads to digestive disorders.

Another expense comes in sifting out broken flakes. All the flakes that you get are whole.

Another expense is the pure Maple syrup. But who would have us omit it?

Yet, with it all, Mapl-Flake is cheaper than any other flaked food, when measured by food value.

So don't go without the food that you like best, thinking to save five cents.

One 15c Package Free

We would far rather buy the first package ourselves than to have you go without knowing it. So, if you wish, please send us this coupon, and we will send you an order—good at any grocer's—for a 15c package free.

Please let Mapl-Flake—for your own sake—tell you how good it is. Then ask the children what food they'll have next.

Cut Out This Coupon

I have never used Mapl-Flake, but if you will send me an order on my grocer for a 15c package free, I shall be glad to try it.

JALISCO HAS GOOD SHOWING

Local Men Develop Copper in the South.

Fraction Scores Advance on Stock Exchanges.

Guanajuato Mines Show Big Mill Capacity.

James P. Harvey, formerly in charge of the Republic mine, Ferry county, Wash., more lately of the Furnace Creek Copper Company's property at Greenwater and now manager of the La Magistral and Los Hornos mines, near Amarco, Jalisco, Mex., has just returned to his home in this city after six months' spent at the property. It is being developed by a partnership which includes Harvey, F. M. Lyons and H. L. Perry, all of this city, associated with Patrick Clark of Spokane.

Development has been continuously pushed for over a year with a force which has totaled as high as 125 men. At the present time sixty-five are employed on three drifts which are being run into the mountain at a maximum depth of 300 feet from the apex of the vein and upon a new double-compartment main working shaft, which has now reached a depth of forty feet. Connections are being made between the tunnel levels in order that stopping horizons which are available through a definite method of treatment has been decided upon.

Already 1400 tons of ore of five per cent copper have been placed in sight, while the lower
